Subject: For David Bloom: Agency Message: Dec. 24 and timecodes
Attachments: Mass Mailer Dec 24 Guidance.docx

Hi Diane,

Joanne and I spoke and she is out of the office today. We believe the message is ready for David's review. Can you please share with him and get his approval.

Regarding the Holiday Message/Executive Order below, Joanne is back in the office tomorrow and will pull something together.

Thanks,
Shakeba

Subject: For review: Agency Message: Dec. 24 and timecodes

Hi,

Attached for OCFO's review is the draft guidance mass mailer for the December 24 holiday. Please let us know if you have any comments or changes. Our goal is to release this as soon as possible – tomorrow.

Thank you and have a nice evening.

Shakeba

Subject: FW: Agency Message: Dec. 24 and timecodes

Hi Shakeba –

Joanne is on leave today and tomorrow. I'm looping in Ruth to confirm but I think it makes sense for OCFO to take the lead on this mass mailer.

Diane

Good Morning,

I hope you all had a nice weekend.

In light of the Presidents Executive Order released on Friday, will OCFO take the lead again this year on drafting the Administrators mass mailer (2018 below) and the "Guidance for December 24th Holiday? A proposed draft is attached.

Thanks,

MESSAGE FROM THE ACTING ADMINISTRATOR

This email message is being sent to EPA employees.

Dear Colleagues,

As we come to the end of 2018, I want to take a moment to thank each of you for your hard work and dedication to EPA's mission. Thanks to all of you, EPA continues to strengthen environmental and human health protections for Americans.

EPA staff helped the country in a variety of ways in 2018. For example, employees responded to the recent hurricanes by securing Superfund sites, monitoring for oil plus hazardous waste, and managing debris among other things. We increased regulatory certainty through a variety of actions, including proposing a revised definition of the "Waters of the United States" that will ensure we protect the appropriate waterways under our statutory obligations. With help from the new Office of Continuous Improvement, we also improved how we run various environmental and workplace programs, including taking steps to realign the regional offices with headquarters offices. These examples are just a snippet of the accomplishments EPA achieved over the past year.

Thank you for welcoming me into your workplace and working with me to advance environmental stewardship across the country.

President Trump has issued an [executive order](#) closing federal offices and giving federal workers the day off on Monday, December 24, 2018.

Enjoy your time with family and friends over the long holiday weekend and please be safe if you are traveling.

Happy Holidays.

Andrew Wheeler
Acting Administrator
